FORWARD

The 33rd Annual Progress Report contains the revenues and expenditures for road and street purposes as reported by the 83 County Road Commissions and 534 Cities and Villages.

This report covers the calendar years of 1983, 1984, and 1985.

As the result of the legislation in 1982 the decline in gas and weight tax collections has been reversed and there has been an average increase of 13.7% since 1982. The same legislation defined maintenance to include certain types of work that were previously defined as construction for County Road Commission and the Department of Transportation. In this report, we have reported the work types previously reported as construction as heavy maintenance.

SUMMARY REPORT

CALENDAR YEAR 1983

COUNTY ROAD COMMISSIONS

Starting in 1983, by law, there were new definitions for certain road construction which is now called Heavy Maintenance. Construction and Heavy Maintenance exceeded 1982 Construction by 16.5%. Routine Maintenance increased 17.4%.

The following tables show the sources of funding and expenditures. Subsequent tables show detailed information for each county.
